

APPROVED FOR RELEASE:

International Election Solutions is available for the full array of services on the 3.2 Shoup Voting Machines. SOLUTIONS is the successor of International Election Systems.

SOLUTIONS maintain the same management and personnel from its predecessor. We are capable to program, train election personnel, repair, and replace 3.2 Shoup Machine.

We look forward to working with New York City Board of Elections, Albany County Board of Elections and all other entities, in need of our services. We are available for Board Requirements for the foreseeable future.

James C. Wilkins, Jr.
General Manager
International Election Solutions
